Naughty Kitty Cat

Game: Standing circle, hands joined. One player, the cat, stands in the middle. Another player, the old man or old lady, walks around outside the circle. All sing the song while walking the beat around in a circle, while the cat performs the "mews" on the rests. At the end of the song, all circle players raise joined hands to form arches. The old lady/man chases the cat, in and out of the arches until caught.
